WIC participants are urged to check their freezers for the recalled product, not to consume it, and either discard the product or exchange a recalled item for an identical non-recalled item. *Persons who may have consumed affected product should consult with their health care professional or local health department to determine if a vaccination is appropriate, and consumers with symptoms of Hepatitis A should contact their health care professionals or the local health department immediately.* Products that have different lot code or purchase dates are not subject to this recall.
